

Photos and videorecordings during the event

I hereby give my consent that the DGJ based in Berlin or third parties acting on its behalf may take pictures, sound recordings and/or videos ("recordings") of me in the context of the event "Jugendfestival 5".

I agree that these may be stored, edited (esp. also redesigned or retouched) and used free of charge in edited or unedited form for media, public relations, but also for internal documentation and information about the event, e.g. in social media and presentations by the DGJ or our sponsors, for the aforementioned purposes. This right of use is unlimited in terms of time, space, content and number until revoked.

I explicitly waive the payment of a fee and any further rights to the recordings and their reproduction.
